<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Description</b>			
Need to ensure that links already processed are not processed twice			

#### History

##### #1 - 05/01/2016 01:26 AM - Luke Murphey

Need to figure out how to determine if more links exist that need processing:

1. Use a dictionary and track if the link was processed already
2. Do a diff between the processed list and the discovered list each time

##### #2 - 05/01/2016 05:29 AM - Luke Murphey

Only issue is that I am not getting the same number of links every time.

##### #3 - 05/01/2016 05:29 AM - Luke Murphey

- % Done changed from 0 to 50

##### #4 - 05/02/2016 03:09 AM - Luke Murphey

- % Done changed from 50 to 100

##### #5 - 05/02/2016 03:10 AM - Luke Murphey

- Status changed from New to Closed
