

## ThreatFactor NSIA - Bug #106

### Low Memory Alert is Too Sensitive

04/10/2010 07:03 PM - Luke Murphey

<b>Status:</b>	Rejected	<b>Start date:</b>	04/10/2010
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Luke Murphey	<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Description</b>			
The low memory limit is too low and causes the application to repeatedly indicate that memory is too low even though the application runs fine.			

#### History

**#1 - 04/30/2010 12:02 PM - Luke Murphey**

- Assignee set to Luke Murphey

**#2 - 05/09/2010 11:28 PM - Luke Murphey**

I'm not convinced this behavior is too sensitive now. The system that was triggering the alarm was indeed running low on memory. Furthermore, a new installation on another server reveals no memory problems whatsoever.

**#3 - 05/09/2010 11:29 PM - Luke Murphey**

- Status changed from New to Rejected

- Target version deleted (0.9 (Beta))

Closing this for now. This ticket will be reopened if this is confirmed as being too sensitive on a system with sufficient memory.
