

Lookup Editor - Bug #1093

Feature # 1079 (Closed): Create new KV lookup

Incorrect values for booleans should be ignored

10/28/2015 05:55 AM - Luke Murphey

Status:	Closed	Start date:	10/28/2015
Priority:	Normal	Due date:	
Assignee:	Luke Murphey	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	2.0		
Description Currently, the empty rows produce cells with "bad-input" for boolean values. This is an issue when creating empty rows for an empty lookup.			

History

#1 - 10/28/2015 05:57 AM - Luke Murphey

- Subject changed from *When created empty rows, make sure to pay attention to types* to *When creating empty rows for an empty, make sure to pay attention to types*

#2 - 10/28/2015 05:59 AM - Luke Murphey

- Subject changed from *When creating empty rows for an empty, make sure to pay attention to types* to *Incorrect values for booleans should be ignored*

- Description updated

Not sure to handle this. I tried overriding the prepare function in order to set the value to true. It didn't work. It only gets called only when the cell is clicked.

#5 - 10/29/2015 11:37 PM - Luke Murphey

Also, I have to set the renderer and set the type to 'bool'.

#6 - 10/29/2015 11:47 PM - Luke Murphey

The following overrides were attempted but failed to be called at the start:

1. createElements
2. prepare
3. init
4. open

#7 - 10/30/2015 02:31 AM - Luke Murphey

From what I can tell, the editor *doesn't* handle rendering of the cell.

#8 - 10/30/2015 03:00 AM - Luke Murphey

- Status changed from *New* to *Closed*

- % Done changed from 0 to 100
