

ThreatFactor NSIA - Feature #116

Allow Filtering and Aggregation of Incident Response Actions

04/12/2010 11:08 AM - Luke Murphey

Status: Rejected	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Incident Response	Estimated time: 0.00 hour
Target version:	
Description Incident response actions should updated to support: <ul style="list-style-type: none">• Aggregation: don't fire the event repeatedly• Transition Statefulness: fire a event if it the issue no longer exists• Filtering: allow the action to be configured such that it only triggers if a definition of a given severity exists
