<b>Description</b>			
Disk monitoring shows max value of command timeouts, not most recent value.			

History

#1 - 08/27/2016 06:02 PM - Luke Murphey

It seems like I got more data until 8/18/16 11:32:39.000 AM. The data includes more SMART attributes and notes that firmware updates are available.I think this is caused by a line-break issue.
