##### #3 - 11/10/2016 07:13 AM - Luke Murphey

Trying to narrow this down:

- Removed web.conf: worked

##### #4 - 11/10/2016 07:21 AM - Luke Murphey

The issue is the `prune_sys_path` call at the top of the controller. That was added to get the app to work with ES per [#1480](#)
