Target version:	4.0		
Description			

History

#1 - 11/16/2016 07:38 AM - Luke Murphey

Some options:

- Include a dialog or link for opening the editor
- Show an icon or label for:
 - spider icon for the inputs that hit multiple URLs
 - inputs using Firefox
 - inputs using authentication
- Rendering of cells that matched nothing (blank or zero). This may not be a problem if the input is including the raw content.
- Single click to view results
- Rendering of response code (to find errors)
- Need a link to edit the input

#2 - 11/18/2016 08:09 AM - Luke Murphey

Might be able to use a contextual drilldown or a table that opens a panel.

#3 - 11/18/2016 08:15 AM - Luke Murphey

Options:

Separate lister:

- In page filtering
- Will show inputs that are disabled or return nothing
- Allows multi actions

Within the main page:

- Simpler overall design
