

Website Monitoring - Feature #1892

Feature # 1887 (Closed): Use secure storage for proxy password

Modify setup page to store the password in secure storage

06/06/2017 09:33 PM - Luke Murphey

Status:	Closed	Start date:	06/06/2017
Priority:	Normal	Due date:	
Assignee:	Luke Murphey	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	2.3		
Description			
Note that if the password is left blank and the password is defined in the conf file (unencrypted) then the system needs to upgrade the password to secure storage. Also need to update the conf spec to make it clear that the password is no longer required.
