

Lookup Editor - Bug #2097

Number format doesn't allow decimals

10/19/2017 08:03 PM - Luke Murphey

Status:	Closed	Start date:	10/19/2017
Priority:	Normal	Due date:	
Assignee:	Luke Murphey	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	3.0		
Description			
When configuring a field as number, if a decimal number is provided, the LE will display it as an integer, even if storing it correctly within the KVStore.			
Sample configs:			
collections.conf			
<pre>[test] # name of the process that the data represents field.step = string field.seq = number</pre>			
transforms.conf			
<pre>[test] collection=test external_type = kvstore fields_list = step,seq</pre>			
Populating the KV Store. The values provided for seq are decimal.
