History

#1 - 06/26/2018 12:07 AM - Luke Murphey

- Target version deleted (4.5.3)

Observations:

- Input indicates that the result matches don't match but indicates the same new hash. It appears that the hash has changed. It appears that the hash being saved is inconsistent with the one in `output_results()` versus the one in `run()`.

Questions:

- Why is the number of results in the repro (with one URL)?
- Should the hashes be deduped?

#2 - 06/26/2018 04:26 AM - Luke Murphey

- *Target version set to 4.5.4*

#3 - 06/26/2018 04:31 AM - Luke Murphey

- *Status changed from New to Closed*

- *% Done changed from 0 to 100*

#4 - 06/28/2018 06:24 PM - Luke Murphey

- *Status changed from Closed to In Progress*

- *% Done changed from 100 to 70*

#5 - 07/02/2018 04:39 AM - Luke Murphey

- *Status changed from In Progress to Closed*

- *% Done changed from 70 to 100*
