#2 - 10/26/2010 01:13 AM - Luke Murphey

- Due date set to 10/29/2010
- Start date changed from 10/25/2010 to 10/29/2010
- Estimated time set to 2.00 h

#3 - 10/26/2010 01:22 PM - Luke Murphey

Below is a code fragment that supports the select all:

```
<td colspan="2">
  <div style="float:left">
    <span class="TitleText">Status</span>
  </div>
  <div>
    <input type="checkbox" id="selectall">
  </div>
</td>

function selectAll(){ $('input[type=checkbox]').attr("checked", "true"); };
function unselectAll(){ $('input[type=checkbox]').removeAttr("checked"); };
function doCheck(){
  if( $('#selectall').attr("checked") ) {
    selectAll();
  }
  else{
    unselectAll();
  }
};
$('#selectall').click( doCheck );
```

#4 - 10/27/2010 10:09 AM - Luke Murphey

May want to consider <http://plugins.jquery.com/project/shiftcheckbox> which allows you to "select-click" to select multiple (like Gmail).

#5 - 10/28/2010 09:52 PM - Luke Murphey

Below are the view that require the select all checkboxes:

- Exception List
- Site group rule list
- Scan policy management
- Group management
- User management

#6 - 10/28/2010 11:31 PM - Luke Murphey

- *Status changed from New to Closed*

- *% Done changed from 0 to 100*

Implemented in r913.

#7 - 11/01/2010 11:52 PM - Luke Murphey

- *Category set to Web Interface*
