Description Try looking up γυναικα in the New Testament. It doesn't find a match even though the diacritics are not wrong. See also μητρὸς which has the wrong diacritics.			

History

- Subject changed from Make lookups work even when diacritical marks could not be matched to Improve chances of a lookup match
- Description updated

Might want to make lookups work even when diacritical marks could not be matched

Questions:

- Is the Lemma (γυνῶης or μητη) in the Lexicon?

#4 - 12/26/2018 03:18 AM - Luke Murphey

Observations:

- μητρὸς doesn't appear in the indexed lexicon
 - Might just not be available:

- Neither does γυναικά
