

ThreatFactor NSIA - Feature #261

Self Restart Capability

11/10/2010 10:57 AM - Luke Murphey

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
Add ability for application to self-restart. Operations would be something like:			
<ul style="list-style-type: none">• Shutdown web-interface• Disconnect from database• Start new instance of application• Shutdown (when new instance is confirmed as live)			
See http://cplusadd.blogspot.com/2009/04/java-application-and-self-restart.html for self-restart code.			

History

#1 - 11/10/2010 11:00 AM - Luke Murphey

One thing to watch out for is when running as a service. By default, the service will restart NSIA if the Java runtime exits.

#2 - 12/27/2010 08:34 PM - Luke Murphey

- Start date deleted (11/10/2010)
