

ThreatFactor NSIA - Feature #261

Self Restart Capability

11/10/2010 10:57 AM - Luke Murphey

Status: New	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	
Description Add ability for application to self-restart. Operations would be something like: <ul style="list-style-type: none">• Shutdown web-interface• Disconnect from database• Start new instance of application• Shutdown (when new instance is confirmed as live) See http://cplusadd.blogspot.com/2009/04/java-application-and-self-restart.html for self-restart code.	

History

#1 - 11/10/2010 11:00 AM - Luke Murphey

One thing to watch out for is when running as a service. By default, the service will restart NSIA if the Java runtime exits.

#2 - 12/27/2010 08:34 PM - Luke Murphey

- Start date deleted (11/10/2010)
