I can move them out of the Sidebar.Pushable which makes them fixed again. However, another scrollbar appears.

Qs:

- Is it related to the margin, padding, or height?
 - None

Obs:

- It appears that the pusher > ui container is moving with the scrollbar and the button moves with it
- I seem to be able to place it in the menu

#3 - 05/08/2020 09:45 PM - Luke Murphey
