The dialog no longer appears in the right location when I use maxHeight instead of height.

Qs:

- How do I repro this?
  - Clicked word at the bottom 1/2 of the screen

Obs:

- Setting a minHeight doesn't help
- Setting the footer to sticky makes it stay at the bottom, however, it sticks to the bottom of the content when it isn't tall enough.
- It only fails when it is positioned above the cursor
- Coords seem to be correct

Solns:

- absolute positioning
