Might want to consider using the icons at <http://www.cssflow.com/snippets/social-buttons/demo>. Setting the padding to 4px makes them a little smaller.

I like ShareThis: <http://sharethis.com/publishers/get-sharing-tools#sthash.ChqvMG5X.dpbs>

```
<span class='st_facebook' displayText='Facebook'></span>
<span class='st_twitter' displayText='Tweet'></span>
<span class='st_googleplus' displayText='Google +'></span>
<span class='st_pinterest' displayText='Pinterest'></span>
<span class='st_email' displayText='Email'></span>

<script type="text/javascript">var switchTo5x=true;</script>
<script type="text/javascript" src="http://w.sharethis.com/button/buttons.js"></script>
<script type="text/javascript">stLight.options({publisher: "ur-3f284294-5364-394c-bd5c-clfced294c1", doNotHash
: false, doNotCopy: false, hashAddressBar: false});</script>

Just need to setup the title and description of the thing being shared.

Might want to consider making a share button specific to the read work page. YouVersion has something like this and it looks nice.
