

TextCritical.net - Bug #536

No diacritic searches fail if a beta-code string is provided with an accent marker

02/22/2013 07:11 PM - Luke Murphey

Status: Closed	Start date:
Priority: Low	Due date:
Assignee:	% Done: 100%
Category:	Estimated time: 0.00 hour
Target version:	
Description	
To reproduce, perform a search for: <code>work:new-testament no_diacritics:aggelos</code>	
Then perform a search with diacritical marks: <code>work:new-testament no_diacritics:agge/los</code>	
These should return the same search results but don't
