

TextCritical.net - Feature #600

Asynchronous loading of reading page

04/12/2013 05:02 PM - Luke Murphey

Status:	Closed	Start date:	04/12/2013
Priority:	High	Due date:	
Assignee:	Luke Murphey	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	0.9		
Description Change the reading page such that it loads dynamically. This could be done using a asynchronous load of the contents using an XHR request.			

Associated revisions

Revision 472 - 08/01/2013 06:12 AM - Luke Murphey

Added asynchronous loading of the contents of the reading page. Closes #600.

Will probably want to disable caching of the main page which performs the AJAX request.

#2 - 04/12/2013 05:21 PM - Luke Murphey

- Priority changed from Normal to High

#3 - 04/18/2013 03:44 PM - Luke Murphey

Might want to consider another approach to caching that allows us to pull directly from the cache at all times:
<http://eflorenzano.com/blog/2008/11/28/drop-dead-simple-django-caching/>

#4 - 08/01/2013 06:14 AM - Luke Murphey

I have asynchronous loading working. However, I keep coming to the conclusion that the caching needs to be setup differently to deal with some problems. For example, the current caching framework treats /work/new-testament/acts/19/36 differently than /work/new-testament/acts/19/35 even though the underlying Greek text is the same (though the highlight is different). Might want to consider optimizing this somehow.

#5 - 08/01/2013 06:14 AM - Luke Murphey

- Status changed from New to Closed

- % Done changed from 0 to 100

Applied in changeset [r472](#).
