

## Django Monitoring - Support #663

### Can not set sourcetype

10/27/2013 07:48 PM - Anonymous

<b>Description</b>			
For some reason a sourcetype of Django is not available to me. If I manually set the source type, splunk tells me django already exists. I checked the .conf file and do not see a django sourcetype at all. Not sure if I am doing something wrong, or it is a bug.			

### History

#### #1 - 10/28/2013 04:47 PM - Luke Murphey

This is due to a problem in Splunk 6.0. I have opened a defect ticket with Splunk (SPL-75708). The workaround is to skip using Data Preview.
