<b>Description</b>			

#### History

---

**#1 - 03/01/2014 07:07 AM - Luke Murphey**

- Target version changed from 0.6 to 0.7

**#2 - 03/03/2014 05:28 AM - Luke Murphey**

I removed the code that swaps jQuery. This made no improvement.

**#3 - 03/03/2014 05:35 AM - Luke Murphey**

The problem clearly has something to do with HandsOnTable. Removing it removes the error.

**#4 - 03/03/2014 05:36 AM - Luke Murphey**

- Status changed from New to In Progress

**#5 - 03/03/2014 05:47 AM - Luke Murphey**

Went all the way back to 0.9.16. Still fails.

**#6 - 03/03/2014 06:50 AM - Luke Murphey**

The error is at normalize(name,baseName) in common.min.js. The baseName argument is an array with a single entry: "jquery".

**#7 - 03/03/2014 06:58 AM - Luke Murphey**

Loading the partial distribution doesn't help

**#8 - 03/04/2014 12:34 AM - Luke Murphey**

- Status changed from In Progress to Closed

- % Done changed from 0 to 100
