**Description**

---

**History**

**#1 - 08/07/2014 05:35 PM - Luke Murphey**

*- Subject changed from CSS selector doesn to CSS selector doesn't match selector*

- URL: http://apps.splunk.com/app/981/
- Selector: #app-rate-text+li

**#2 - 08/07/2014 05:47 PM - Luke Murphey**

This is the HTML:

```
<li id="app-rate-text"><i class="icon-star"></i><span class="app-rate-text"></span></li>
<li><i class="icon-download-alt" data-toggle="tooltip" data-placement="top" title="Downloads"></i>3184 downloa
ds</li>
```

Some observations:

1. ".simple-list" doesn't include the downloads either when used with web_input; $('.simple-list').text() does though
2. "sel = CSSSelector('#app-rate-text + li')" does seem to match the correct node in Python
3. In Python, '.simple-list' matches 5 nodes. In web_input, it matches 4
