

## ThreatFactor NSIA - Bug #87

### Prevent XMLRPC Warnings From Appearing in Console

04/09/2010 12:10 AM - Luke Murphey

<b>Status:</b> Closed	<b>Start date:</b>

#### History

##### #1 - 11/02/2010 01:20 PM - Luke Murphey

- Category set to Scan Engine

##### #2 - 01/07/2011 07:07 AM - Luke Murphey

See <http://stackoverflow.com/questions/1306493/suppressing-controlling-logging-in-org-apache-xmlrpc-xmlrpcclient>

##### #3 - 01/18/2011 07:28 AM - Luke Murphey

- Start date deleted (04/09/2010)

Problem is that the XML RPC client uses the commons logging framework, not log4j. Reference:

<http://svn.apache.org/repos/asf/webservices/xmlrpc/trunk/server/src/main/java/org/apache/xmlrpc/server/XmlRpcErrorLogger.java>.

##### #4 - 05/03/2011 07:42 PM - Luke Murphey

- Status changed from New to Closed

This is no longer a problem since XML-RPC is not used to communicate to ThreatFactor.com
