- Target version set to 2.0

#### #2 - 02/06/2015 12:29 AM - Luke Murphey

Sadly, Incident Review doesn't load dashboard.js not application.js.

#### #3 - 02/06/2015 12:37 AM - Luke Murphey

I'm wondering if I could load my own version of incident\_review that loads my dashboard.js. Might need to handle this by opening another window and controlling it from the Slideshow setup screen.
